

Dear friends,

This month does not have many “naval radio occupations”, and also not even many contest ones, apart from the MF - Activity Week 2022.

It was suggested to us to take part as a team at the new “INTERNATIONAL NAVY CHALLENGE TEAMS CONTEST” but unfortunately there were not enough offers to staff at least one team (2 to 4 members) to participate in the contest. However we can participate as independent stations.

CHALLENGE
21-22 MAY**

AUSTRIA **OE6XMF/4** ITALY **IQ9MQ** PORTUGAL **CS5NRA**

WHO WILL BE THE OTHER NAVAL STATIONS TO PARTICIPATE IN THE CONTEST?

On the occasion of the above contest, we can discuss the application of a club's call sign. The measures against the spread of the Covid-19 seem to be coming to an end and soon there will be the possibility of more meetings.

Abel Helmuth, OE1-100 1007 (SWL) applied for the first GOLD award from Hamlog_online platform. Additionally 4 silver and 15 bronze awards have been issued at the above platform and 12 more at SV2RCK's one.

Please do not forget to upload your logs at regular intervals and promote our awards.
