

Dear friends,

We are going through the first month of 2022 and I welcome the new members.
We already have our first member from the Americas!

039 Stan Parsons VE1RY

During January, the results of International Naval Contest 2021 were issued by MFCA [INC2021-Rangliste-B-HP.pdf \(marinefunker.at\)](#) and also INORC contest awards were received.

Our 2022 award is already hosted on two award platforms. There are slight visual differences between the awards, and also slight rules differences.

Following the 2021 award, the new one is being hosted at [HNARC Award 2022 - HAMLOG.online](#) and you can read the rules here: [Microsoft Word - HNARC 2022_1 \(hamlog.online\)](#)

If you already have an account, you continue to do what you did during 2021. Just upload your log periodically. If you create a new account, please inform me (sv1eng at hnarc dot gr) to add your callsign in the club members list.

The HNARC 2022 Award is already additionally available on a Greek platform. The award on the Greek platform with rules is here: http://sv2rck.gr/HNARC_2022/
You will be provided with the necessary password from SV1ME (sv1me at otenet dot gr)
We thank **SV1EJD** for designing the award.

Please do not forget to upload your logs at regular intervals.

The month ends with the Italian Navy Contest, CU there:
[Italian Navy Contest CW \(assoradiomarinai.it\)](#)
